**Date:** March 7, 2006

**To:** Honorable Chairman Joe A. Martinez  
and Members, Board of County Commissioners

**From:** George M. Burgess  
County Manager 

**Subject:** South Florida Workforce Review and Restructuring

Agenda Item No. 12(A)(5)

## **Recommendation**

It is recommended that the Board of County Commissioners approve the attached resolution relating to the restructuring of the local workforce investment board for Region 23. It is also recommended that the Board waive the requirements of Resolution No. R-377-04 with respect to this Resolution and Interlocal Agreement.

## **Background**

Signed into effect on August 7, 1998, the federal Workforce Investment Act of 1998 (WIA) was created as a comprehensive reform legislation to affect the federal job training programs and to create a complete workforce investment system. To this end, the WIA has included seven key principles as a basis to accomplish these tasks:

- Streamlining services through better integration at the initial contact point, namely the One-Stop delivery system;
- Empowering individuals through financial information and support;
- Creating universal access to employment related services;
- Increasing accountability for state and local entities;
- Creating strong roles for local workforce investment boards and the private sector;
- Allowing for state and local flexibility to tailor services based on local and regional labor markets; and
- Improving youth programs as they relate to local market and community programs and services needs.

Under the federal WIA, each state is mandated to create a State Workforce Investment Board. Shortly after the enactment of the federal legislation, Florida created and passed the Workforce Innovation Act of 2000. The Workforce Innovation Act created Workforce Florida, Inc. and the Workforce Florida Board. Workforce Florida, Inc. monitors and oversees the administration of the state workforce policy, and all of its activities including designating local areas, reviewing local plans, and the programs and services implemented by the local boards.

There are currently twenty-four (24) local areas or regions, in Florida. Within each region, the federal WIA requires the creation of a Local Workforce Investment Board. The members

of the local board are appointed by the chief elected official(s) under the stipulations set forth by the governor and the Workforce Florida Board.

### **Role of South Florida Workforce Board**

The local board, in conjunction with the local chief elected official(s), sets the policy for the portion of the statewide workforce investment system within the local area. The role of the local workforce board includes:

- Developing a five-year local plan and overseeing the one-stop system, youth employment, and training activities;
- Selecting one-stop operators;
- Selecting youth service providers;
- Developing a budget;
- Negotiating agreement on local performance measures;
- Collecting information to assist with the statewide statistical system;
- Promoting private sector involvement on the statewide investment system.

The South Florida Workforce Board (SFWB) is the regional workforce board for Region 23, which encompasses Miami-Dade and Monroe counties. SFWB assists employers and prospective employees with employment services, labor market information, and provides necessary training for the economically disadvantaged, youth, dislocated workers, individuals transitioning from welfare to work, and refugees.

The SFWB's members represent a cross section of the private sector, local elected officials, community based organizations, economic development agencies, private and public educational institutions, organized labor, public employment services, vocational rehabilitation, public assistance and one-stop delivery partners.

The cities of Miami, Miami Beach, Hialeah, and Miami-Dade and Monroe counties have entered into an interlocal agreement dated July 1, 2004 that continued the South Florida Employment and Training Consortium Board (SFETCB). Each chief elected official has a representative on the SFETCB. The liability structure of the interlocal agreement is divided among the members based on the Consortium agreement. The liability allocation as per the Consortium agreement is as follows:

Miami-Dade County	42.2%
City of Miami	33.3%
City of Hialeah	11.1%
City of Miami Beach	6.7%
<u>Monroe County</u>	<u>6.7%</u>
Total	100%

The purpose of the Consortium is to act on behalf of the local chief elected officials and conduct the programs set forth in the federal Workforce Investment Act of 1998. The key functions of the SFETCB are: to appoint the SFWB members, serve as local grant recipient,

designate the local fiscal agent; assume the financial liability in accordance with state and federal law.

The current members of the SFETC Board are:

<b>South Florida Employment and Training Consortium</b>		
<b><u>Municipality</u></b>	<b><u>Member</u></b>	<b><u>Representatives (Intergovernmental Liaison Officers)</u></b>
Miami-Dade County	George Burgess County Manager	Tony E. Crapp, Sr. Assistant County Manager
City of Miami	Joe Arriola, Chief Administrator/City Manager	David Rosemond Chief of Staff
City of Miami Beach	Jorge M. Gonzalez City Manager	Mayra D. Buttacavoli, Director, Human Resources and Risk Management
City of Hialeah	Julio Robaina Mayor	Frederick Marinelli, Director, Dept. of Grants & Human Services
Monroe County	Thomas J. Willi County Administrator	Jerry O'Cathey Community Services Division Director & County Project Manager

The South Florida Workforce staff provides administrative support to both the SFETC and the SFWB. Both boards are also responsible for selecting the Executive Director of the SFW, who in turn reports to both parties. Prior to the current Consortium agreement, the SFETC and the SFWB had separate Executive Directors and staff. However these functions were consolidated in the July 1, 2004 Consortium agreement.

### **Status of South Florida Workforce**

While the purpose of the SFW is to provide assistance to employers and job seekers in Region 23, the governance of the organization is of some concern. There have been two prior reviews of the SFW commenting on the overall lack of coordination and effectiveness of the organization. The first review by the Public Policy Department of the South Florida Workforce mentions the two-organization format of the SFW. According to the study, this structure has created an unclear division of labor. The review goes on to state that the format of the SFW is contributing to the communication problems within the organization.

The second study requested by the SFW was conducted by the Metropolitan Center of Florida International University. This survey-based study also commented on the fragmented communications within the SFW and mentioned the need for SFWB reform, specifically within the areas of Board conduct, conflict of interests, and competence.

In recent months, Workforce Florida, Inc. (WFI) has also expressed some concerns over the South Florida Workforce Board and Consortium structure. In a letter dated December 14, 2004, WFI questioned the ability of the Consortium to function properly with the existing conflicts of interest between Board, Consortium and service provider activities, as well as the responsibilities of staff to the Board. The WFI also has some reticence with regard to the sharing of staff between the SFWB and the SFETC.

In specific terms, the letter from WFI stated the perspective that: "Essentially we have determined that there is one fundamental problem with the new governance design. It must be clear that the Board staff is answerable to the Board alone. While staff may be assigned to perform staffing functions for the consortium, it must be clear that the staff has responsibility to provide the Board with true and accurate information, even if such information reflects negatively upon consortium members. Concerns still exist at the state level as to the ability of the board to complete its functions efficiently and effectively if the staff is not only independent from those entities that deliver services, but also accountable only to the Board. This is particularly true when some of the consortium members are also service providers".

Staffing conflicts arise when Board duties and Consortium duties are at cross purposes. There is the question as to whether the Board can fulfill its mandate effectively if staff also reports to the Consortium. It is these issues that the President of the WFI feels will have a continuing and lasting impact on the accountability, performance, financial oversight, reporting accuracy and other operational functions.

In a recent meeting with the Office of the Mayor on June 24, 2005, the President of WFI specifically indicated that the issues that need to be addressed relative to SFW and SFETC are as follows:

1. Selecting and firing authority for board staff being shared with agencies performing contract work for the board is unacceptable; and
2. Local plans submitted by SFW must be followed in the transaction of local business.

At the conclusion of this meeting the President of WFI, after considerable discussion with the Mayor's staff, indicated his inclination to relax a proposed deadline of August 1, 2005 for changes to be implemented and to work with the Mayor, as one of the Region 23 Chief Elected Officials, in using this current budget year through June 30, 2006 to create a new, acceptable structure that addresses WFI's concerns such that Region 23 can be chartered and its FY 2005-07 Local Workforce Investment Plan approved.

Staff from my office and from the County Attorney's Office have been working with the SFW staff to address the issues raised by the studies and Workforce Florida Inc. In light of the current concerns raised by the WFI, possible legal issues of the SFWB and the need to have the possibility of other options available to the County, it is recommended that the BCC approve the proposed resolution to restructure the local workforce investment board for Region 23.

4

In recent weeks the ongoing effort to develop a proposed restructuring of the local workforce investment board for Region 23 has been accelerated pursuant to a letter dated December 28, 2005 (copy attached) from WFI that modified the previous target date for implementation from June 30, 2006 to February 1, 2006. In the letter of 12/28/05, WFI's President advised SFW regarding a recent meeting of the WFI Board that resulted in the WFI Board voting to disapprove the 2005-2007 plan as submitted by SFW, and also voting to instruct WFI and Agency for Workforce Innovation (AWI) staff to continue providing technical assistance so that an acceptable plan is submitted by February 1, 2006. Further, WFI advised that failure to correct the plan problems would require state staff to propose an alternative for providing workforce services in the region and may require the state board to ask the Chief Elected Officials and County Commissions of both Miami-Dade and Monroe Counties to propose a new oversight entity for workforce services in south Florida. The critically non-compliant elements identified by WFI include the following:

- The Region 23 Board needs to provide that the Executive Director of the Board must be selected by and accountable to the Board;
- Conflicts of interest, actual and potential, must be eliminated so that the counties would not be both exercising oversight authority and providing direct public workforce services funded through WFI; and
- Appointments to be made to the Region 23 Board are to comply with mandated statutory categorical representation

In follow-up to the letter of 12/28/05, staff has continued to work on the proposed restructuring proposal and has traveled to Tallahassee and met with WFI's President and staff to discuss the acceptability of the proposal on January 23, 2006. In a letter dated January 27, 2006 WFI's President indicated that, other than suggesting some minor language refinements/edits, WFI staff was satisfied that the language in the restructuring proposal complied with WFI's requirements regarding selection/supervision of the Executive Director by the regional workforce board (e.g. SFWIB) and prohibiting Miami-Dade and Monroe counties from directly providing public workforce services with funds received from/through WFI. Further, WFI staff also approved the general outline of intended categorical appointments to the regional workforce board.

The WFI staff approval of the proposed restructuring is contingent upon formal adoption of the implementing Interlocal Agreement by both counties in its current form. WFI staff intends to recommend contingent chartering of the reconstituted regional workforce board at the next WFI Board meeting on February 16, 2006 and not directing funding to an alternate recipient, if the Interlocal Agreement is adopted. In order to facilitate a smooth transition pursuant to the new Interlocal Agreement, WFI staff intends to recommend that the contingent chartering of the Miami-Dade/Monroe regional workforce board take effect March 1, 2006, with WFI staff monitoring the completion of the transition and appointment of full board membership before notifying the regional workforce board of full charter status, with a report to the WFI Board at its meeting in May 2006.

Under the attached resolution a South Florida Workforce Investment Board (SFWIB) will be created pursuant to an interlocal agreement between the Chief Elected Officials of Miami-Dade County and Monroe County. Under this resolution the SFWIB will be governed by all

legislation applicable to Miami-Dade County boards, including all state laws which will serve to alleviate some of the immediate concerns regarding ethics breaches and conflicts of interest.

The Executive Director of the SFWIB will be selected by the SFWIB. The Executive Director will be an employee of Miami-Dade County within the administrative service of the County and may be removed in the discretion of the SFWIB. Both the Executive Director and the staff of the SFWIB shall be employees of Miami-Dade County thereby removing any sovereign immunity liabilities for staff. The Executive Director will be the Chief Operating Officer of the SFWIB and, as such, will implement the policies, decisions, actions and directives of the SFWIB.

The staff of the SFWIB will implement the policies, decisions, actions and directives of the SFWIB under the supervision and control of the Executive Director of the SFWIB to resolve the issues that have been raised by the State WFI.

Dear Gentlemen:

Workforce Florida Board of Directors **charters** regional workforce boards to insure that the local recipients of federal funding are in compliance with federal and state law. In December, 2003, Workforce Florida determined **that** the administrative structure in Region 23 was not acceptable. All other regions were rechartered in 2003 or early 2004. South Florida Workforce was provided specific instructions to bring their board into compliance with the state board's requirements. The administrative staff asked for patience and time to bring the board into compliance, noting that this large region was experiencing many changes, including the changes of board chair, executive directors, chief elected officials, etc. Staff also noted the many program issues they were being asked to address which related to the regional performance.

Workforce Florida has been patient, but the state board has just completed another period of re-chartering and South Florida Workforce is one of only two regions that are not in substantial compliance. The Workforce Florida Board voted to disapprove the 2005-2007 plan as submitted by South Florida Workforce. Furthermore, the board voted to instruct AWI and WFI staff to continue providing technical assistance to these regions so that acceptable plans are submitted by February 1, 2006. Failure to correct the plan problems would require state staff to propose an alternative for providing workforce services in the region and may require the state board to ask the **County** Commissions of Miami-Dade and Monroe Counties to propose a new oversight entity for workforce services in south Florida,

To eliminate any confusion, Workforce Florida notes the major deficiencies in the South Florida Workforce plan include:

1. The Miami-Dade Monroe region is governed differently *than* any other local board. The existence of the consortium pre-dates the Workforce Investment Act. The existence of the consortium, per se, is not directly the state's

*(This document is a confidential document. It is not to be distributed outside the Workforce Florida Board of Directors.)*

business. However, when governments *that* are partners in the consortium both appoint members to the board and apply to do business with the board (as service providers) a conflict (perceived or real) occurs which is not acceptable to Workforce Florida and *is* in direct conflict with the principle enunciated by the Florida Legislature in section 445.007(5), Florida Statutes. The Legislature indicated the regional boards are not to be direct service providers in order to "exercise independent oversight." Miami's arrangement, with board staff providing services to both the board and the consortium (whose members provide direct services) seems to blur the lines if not directly crossing them. In either event, the state board has found this practice to be unacceptable and requires the members of the consortium to either refrain from providing services or agree to exclude the consortium from decisions relating to board appointments and all other decisions of direct conflict. In addition, staff selection decisions (including hiring and firing of the executive director) must be left exclusively to the regional workforce board. Your inter-local agreement will also have to be changed to insure the independent oversight capability of the workforce board. In order to facilitate such changes our office has been and will continue to be in direct contact with Mayor Alvarez's office to make the necessary modifications to the inter-local agreement.

2. The appointment of board members is dramatically behind. This office has been in direct conversation with Mayor Alvarez's office and notes both the great cooperation we have had from his office and the progress that has been made in moving board appointments forward. Nevertheless, as reported to the state board, due to the various local consortium members in the region, South Florida Workforce has 13 vacancies from its 45 member board. An additional 17 members are sitting in seats whose terms have expired. Most of the terms expired almost 18 months ago. The failure to appoint board members and to keep up with the appointment process has resulted in a board without a majority of business members making decisions over tens of millions of dollars, counter to the wishes of the Congress and the Legislature. The state board requires South Florida Workforce work with its local appointing authorities to bring the board into compliance with state and federal laws.

Please work with Helen Jones and Mike Switzer of my staff to address these issues.

Respectfully,

Curtis C. Austin

Dear Mayor Alvarez and Mayor McCoy:

Florida's workforce system is governed by federal and state laws that require Workforce Florida Inc. (WFI) Board, as the state board, to charter Regional Workforce Boards (RWBs). The chartering process gives the RWBs authority to design, direct and oversee workforce local services, receiving and distributing federal and state funds to local service providers.

The essential elements to be recognized as a Regional Workforce Board and entitled to continuing charter status are set out in the federal Workforce Investment Act, the state Workforce Innovation Act of 2000, and the policies adopted by the Workforce Florida Board of Directors. Due to expiration of previously approved 5-year plans effective June 30, 2005, and some new federal and state requirements, WFI directed all 24 current RWBs to submit new/continued 2-year plans and document continued compliance with RWB membership and other structural/governance requirements by September 30, 2005. All submissions were reviewed by state staff and submitted to the WFI Board of Directors meeting on December 1, 2005. Most current RWBs were granted continued charter status outright, with some given contingent approval to be finalized when some minor unfinished tasks were completed, such as appointment of a few Board vacancies.

The WFI Board declined to approve even contingent charter status for RWB 23 for non-compliance issues, noting that RWB 23 had not been fully chartered since 2002 due to similar shortcomings. Although funding had not been previously discontinued on the premise that the RWB was "in transition" and working on correction of deficiencies, at the December 1, 2005 meeting, the WFI Board unanimously voted to withhold charter status and terminate funding to the current RWB 23 Board if critical elements were not brought into compliance by February 1, 2006. The state board also directed WFI staff to arrange for an alternative entity to be designated to receive workforce funds and arrange for continuity of services to the citizens of Miami-Dade and Monroe Counties.

The critically non-compliant elements identified at the WFI Board meeting and further explained in a December 28, 2005 letter from WFI CEO Curtis Austin, were that:

- The Region 23 Board needs to provide that the Executive Director of the RWB Board must be hired by and accountable to the RWB Board;
- Conflicts of interest, actual and potential, be eliminated so that the counties would not be exercising both oversight authority and providing direct public workforce services funded through WFI; and

9

- Appointments be made to the RWB Board to comply with mandated statutory categorical representation.

In early January, a draft revised Interlocal Agreement was submitted to WFI which would substantially revise governance, reconstitute the RWB, and eliminate some noted conflicts of interest involving board members. The draft substantially reduced potential for conflicts of interest by private sector members of the board. However the initial draft did not satisfactorily resolve the issue of board staff supervision or potential conflict at county-level. As a result of further dialogue between WFI staff and RWB/county staff, a meeting was held in Tallahassee, on Monday, January 23, involving WFI President Curtis Austin, WFI staff, RWB Executive Director Rick Beasley, Senior Mayoral Advisor Luis Gazitua, Assistant County Attorney Peter Tell and Assistant County Manager Tony Crapp (by telephone). The group did a line-by-line review of a revised draft Interlocal agreement. Other than suggesting some minor language refinements/edits, WFI staff expressed satisfaction that the language in the January 23 document complied with requirements regarding appointment/supervision of the RWB Executive Director and prohibiting the counties from directly providing public workforce services with funds received from/through Workforce Florida, Inc.

WFI staff also approved the general outline of intended categorical appointments to the RWB Board (not intending to approve/disapprove specific individuals.) While noting that the proposed Interlocal Agreement was drafted in consultation with staff of both counties, it is understood that it has not yet been formally adopted by either county, nor have any proposed board member appointments/reappointments been made. WFI staff approval is contingent upon formal adoption by both counties in its current form, and WFI staff would recommend contingent chartering of the reconstituted RWB at the next WFI Board meeting on February 16, 2006, and not directing funding to an alternate recipient, if the draft Interlocal agreement is adopted.

To allow for transitional activities, WFI staff intends to recommend that the contingent re-chartering of RWB 23 take effect March 1, 2006 (if the agreement is adopted), with WFI staff monitoring completion of the transition and appointment of full board membership before notifying RWB 23 of full charter status, with a report back to the WFI Board at its next meeting in May, 2006.

This has been a difficult chartering/re-chartering process particularly for those most engaged in Miami-Dade and Monroe counties. And it has been a high priority for the WFI Board and staff due to the significance of your two counties to the state's overall workforce program. However considerable progress has been made in recent weeks, and we are on the verge of seeing resolution in a way that we hope will also improve services to the citizens of Dade and Monroe counties, a goal we all share.

Sincerely,

Curtis C. Austin

Dear Mayor Alvarez and Mayor McCoy:

On Thursday, February 16, 2006, the Workforce Florida, Inc. (WFI) Board of Directors voted to authorize the President of Workforce Florida to approve a charter for Region 23, provided the new interlocal agreement has been adopted in the form approved and appointments to the board have been made by March 1, 2006, contingent on several key tasks being completed by that date, namely approval and execution of the new Interlocal Agreement (ILA) by both Dade and Monroe Boards of County Commissioners, and appointments of the statutorily-required RWB Board members so that they can exercise authority over workforce programs and funds as of that date.

In order to avoid disruption of services to the citizens of Dade and Monroe Counties, the WFI Board directed WFI staff to arrange for discontinuation of workforce funding flowing to/through the current RWB Board (which has not been compliant since 2002), and designation of a state agent to take policy and funding responsibility for local workforce funds until the new board is fully approved and appointed by local action. Based on a member motion at the February 16, 2006, meeting, the WFI Board also directed that a transition audit be performed as of March 1, 2006, to clearly identify assets, liabilities, obligations and any financial problems at that point so that the outgoing RWB, the new RWB, the relevant local elected officials, the state and the public are fully informed of the true status of finances and operational issues as of the "change of command."

Staff of WFI has been advised that the new ILA has been unanimously and formally approved at a public meeting of the Monroe County Board of County Commissioners, and will be duly signed/executed promptly and a copy provide to WFI. WFI staff had previously reviewed the content of the new ILA and found that it satisfied the long-standing concerns articulated by the WFI Board regarding selection/supervision of Board executive staff, inherent and potential conflicts of interest for entities/individuals exercising both policy/oversight roles while also receiving workforce funds to provide direct services. We understand that the identical new ILA will be presented to the Miami-Dade County Board of County Commissioners on Tuesday, February 21, 2006, for approval and execution. Then pursuant to the terms of the new ILA,

appointments to the newly constituted RWB Board will be made by both counties, and that Board will then be ready to assume authority and conduct business effective March 1, 2006, with its inaugural meeting to be conducted soon after that date.

In order to clarify current status, it is absolutely essential for the new ILA to be approved in current form by the Miami-Dade Board of County Commissioners at tomorrow's meeting. Deferral of action or adoption of an ILA that is substantially different from that approved by the Monroe BOCC will result in RWB 23 not having a chartered Regional Workforce Board, and triggering the "receivership" option directed by the WFI Board which may thereafter lead to the potential consolidation of the RWB 23 with a chartered Workforce Region. WFI staff has no authority or discretion to offer an extension for local action, but will follow the directions of the WFI Board to arrange for an alternative funding approval process. Workforce Florida will ensure that services to the residents of Miami-Dade and Monroe Counties will not be interrupted by the assignment of administrative responsibilities.

Assuming that favorable action is taken on the new ILA by the Miami-Dade BOCC, then the final major step is appointment of members to constitute the new RWB Board of Directors. At the request of local staff, WFI staff has reviewed the roster of intended appointees for legal sufficiency in terms of mandated representatives, percentage requirements and other provisions of federal and state law regarding such boards. WFI staff does not in any way approve, disapprove or express an opinion on the specific individuals to be appointed, but limited our examination to the compliance with the required categories. As such we find that the tentative roster submitted for review in compliance with all federal and state requirements.

This summary of past developments and current status is offered to clarify tasks at hand and reiterate the importance of timely completion of the local tasks needed for full chartering of a Regional Workforce Board for Miami-Dade and Monroe counties.

Please feel free to contact me or my staff for any further clarification as needed. We have been and continue to be willing to assist with these local tasks, but recognize that we must do so within the parameters of the oversight responsibility of the state Board and in compliance with its direct orders.

Sincerely,

Curtis C. Austin,
